

Cold Storage and Fruit and Vegetable Products Building--the official designation of the building more properly referred to as the Administration Building.

Completed in 1935

Cost of building, \$31,642; equipment, \$14,858; total, \$46,500

P.W.A. Project No. F.P. 245

Main floor contains 5 rooms as follows:

- 2 offices, occupied by superintendent and secretary, respectively.
- 2 combination office and laboratory rooms, the office portion of one occupied by an Assistant Pomologist and a Junior Pomologist on pecan and fruit projects, respectively; the office portion of the other occupied by an Assistant Physiologist on the fruit and vegetable handling, transportation and storage project.
- 1 laboratory (All laboratories are used by all investigators as needed, to avoid duplication of equipment.)
- 1 photographic dark room
- 2 rest rooms

Basement contains 4 rooms as follows:

- 1 boiler room housing the heating plant
- 2 fruit and vegetable handling, transportation and storage rooms, originally designated as "fruit and vegetable products room" and "fermentation room", respectively.
- 1 machinery room housing 3 refrigerating units operating 5 cold storage chambers

The 5 cold storage chambers are in addition to the 4 rooms listed above.

The cold storage plant, including the 3 refrigerating units and the 5 cold storage chambers were constructed at a cost of \$7,725 which is a part of the \$14,858 expended for equipment.

The attic contains cold storage cooling tower and fan.
